

“Head, Heart and Soul”

an open circle experience and presentation

Join us as we explore the stages of development in a person's life and preview the challenges, choices and feelings we are offered in life. Through discussion and a presentation of the insightful process called “Head, Heart and Soul,” we will share what issues people, as logical, emotional, and spiritual beings, face in our lives.

What keeps me from being fully connected?

How do I live a life of passion and mission?

How do I reconnect with my true self?

August 15, 2012 6:30pm - 8:00pm
